

## EXAMINATIONS BEGIN AT MEDICAL COLLEGE

Students Will Have "Stunt" Night  
During Commencement Week  
at High School.

### FINALS AT CITY AUDITORIUM

Dr. Edward N. Callish to Make Address—Alumni to Discuss Service to Be Rendered by Physicians While Nation Is at War.

Final examinations are now being held at the Medical College of Virginia, having started two days ago. The examinations will all be finished this month and the faculty will meet on the night of June 1 to pass on applications for degrees.

For the first time in the history of the institution, the students will have a "stunt" night during the finals. This will inaugurate the commencement week, being held on Saturday night, June 2, at the John Marshall High School. There will be a mock faculty meeting at which some clever burlesques of the instructors and lecturers will be given.

The baccalaureate sermon will be preached Sunday morning, June 3, by Rev. Fred H. Chubb, pastor of Broad Street Methodist Church. On the following morning, the board of visitors will meet at 11 o'clock. That night at 8:30 o'clock, the Alumni Association will hold its annual meeting in the old college. Later a buffet luncheon and smoker will be held in the new building.

The Alumni Association will be addressed on Tuesday morning, June 5, at 10 o'clock, by Dr. A. L. Tyson, of Staunton, president of the association. Then will follow a general discussion on the war, with short talks on its various phases as affecting the medical and dental professions.

### FINAL EXERCISES

AT CITY AUDITORIUM  
The final exercises will be held on Tuesday night at 8:15 o'clock at the City Auditorium. Dr. Edward N. Callish, of Beth Ahaba Synagogue, will deliver the principal address. Dr. J. P. Munroe, president of the North Carolina Medical College, which was merged with the local institution, will present the diplomas to the last class from his college. There are a few men, however, who will return here to complete their studies. Dr. Stuart McGuire, dean of the Medical College of Virginia, will present the diplomas to the other graduates.

One of the features of the finals will be a meeting on June 4 of the Hunter McGuire Society, composed of students at the college. Doctors, nurses and students are all invited. B. B. Jones will read a paper on "A comparison of human milk with cow's milk, and its relation to infantile feeding and metabolism." F. J. Capo will read a paper on "Surgical Anesthesia," following which there will be a discussion by F. H. Rogers, J. M. Rogers, W. W. A. Simpson, and H. C. Wolf. Dr. William S. Gordon will speak on "The Efficient Medical Society."

## Reports Indicate Two Zeppelins Lost

Destruction of One Described by Eyewitnesses From Villages on Shore.

[By Associated Press.]

COPENHAGEN, May 19 (via London).—Destruction of the Zeppelin L-22, reported in an official British announcement on Monday, occurred off Esbjerg, within sight of the Danish coast, according to the accounts of eyewitnesses from villages on the shore.

These accounts indicate that two Zeppelins were destroyed on that day, inasmuch as the explosion of an airship off Terschelling was reported from Holland at a point too distant to cover the same case. The loss of the second is attributed to lightning. The L-22 was seen off Esbjerg, while making an observation tour up and down the coast of Jutland. It was engaged by a British force, which presumably was looking for German destroyers that have been fishing up British mine fields. The Zeppelin was not far from shore, and was plainly visible. Its opponents could not be seen, but their presence was made known by the booming of guns.

Eyewitnesses saw the airship dart upward after the first round of shots. Then they heard a second salvo. The Zeppelin endeavored to maneuver itself out of range, but with the third broadside it went down, mortally hit. At first it sank slowly, and then plunged down at great speed into the sea below the horizon.

## FOR STREET BOND ISSUE

Councilman Edgar B. English Suggests Expenditure of \$1,000,000 on City's Highways.

It is probable that Councilman Edgar B. English, of Clay Ward, will shortly introduce a resolution in the Common Council, providing for a bond issue of \$1,000,000 for permanent street improvements. "The city streets in all sections of the city need attention," he said yesterday, "and there is little use in making piecemeal improvements. We should get down to business, provide \$1,000,000 for improvements, and do the work systematically."

"The condition of Hanover Avenue from Robinson Street to the Boulevard is deplorable. It is full of bumps and ridges. Somebody has nicknamed it Camel Avenue, because it has so many bumps. This street should be smooth paved. And in practically every section of the city there are streets equally bad that are demanding immediate improvement."

**Fined for Reckless Driving.**  
Linwood Baylor, colored, was fined \$50 and costs and put under bond of \$100 for ninety days when arraigned before Justice Crutchfield in Police Court yesterday. Baylor was charged with being drunk and recklessly driving a team through the streets.
